What if not having sanitary supplies meant DAYS without school? Around the world, girls and women without pads use rags, mattress stuffing, banana leaves. You can provide life-changing DAYS using the kit to make “The Regular Serged Liner” (patent pending). Its design is absorbent, rinses with very little water, is fast drying, and doesn’t look like a pad. We will not be making the pads but will show the steps and materials needed to complete the kit.
- 9.) _____ **USAME Interpretation** – Presented by Grace Marable, PW Synod of the Trinity participant
“Out of the Darkness... into the Light” was the theme of the 2016 USA Mission Experience which explored issues of immigration, domestic violence, and human trafficking. Grace will share how you can illuminate the darkness with the Light Jesus brought into the world and how a mission trip prepares PW to support these issues.
