Dear Friends of Lambec,

We are grateful for the many resources and offers of help and we need you to take action today. We stand in faith that Lambec will re-open for the 2018 camping season because YOU can choose to be part of our capital improvement campaign.

This board remains committed to the ministries conducted by and hosted at Camp Lambec. We have been meeting multiple times each month since Lambec's closure to strategize on how best to remediate the water system and re-open for the 2018 camping season. We have estimates that it will cost Lambec nearly \$100,000 to overhaul the water system and bring it to compliance with the Department of Environmental Protection and we are moving forward in faith with a campaign to raise the needed funds.

Lambec memories and those yet to be made are close to the minds, spirits and hearts of every camper, parent, volunteer, chaplain, Lambec Alumni, staff member, sponsoring church, supporting presbyteries, and its respective volunteer board members.

“Faith is the assurance of things hoped for, the conviction of things not seen.” Hebrews 11:1 We stand in faith and we are excited about the continuing and future ministries at Lambec; made in part, because of people like you, that love Lambec and want to see lives transformed in the name of Jesus Christ at camp.

Be part of the work and ministry with a capital campaign gift of whatever amount you choose to give. No gift is too small...

Faithfully Serving,

The Reverend Randall K. Clow  
CAPNWP Board, President
